

Displays Overview

Last Modified on 04/27/2022 11:30 am EDT

Feature fundraising activity during your program with a real-time display.

Access displays

1. From the **Admin Navigation**, click **Design > Displays**.

Display type options

To create a new display, click the '+New Display' button. From the display details and select from the three display options.

The screenshot shows the GiveSmart Admin interface. The top header includes the logo and a 'VIEW CAMPAIGN SITE' button. The left sidebar lists navigation options: Dashboard, Settings, Design, Pages, Users, and various fundraising methods (Donation, Auction, Items for Purchase, Tickets, Communications, Checkout & Payments, Reports, Help). The main content area is titled 'Displays' and contains a table of existing displays. A '+ New Display' button is highlighted in a purple box. To the right, the 'New Display' form is visible, featuring a 'Display Type' dropdown menu with a purple arrow pointing to it. The dropdown options are Bids Display, Revenue Display, and Slideshow Display, each with a brief description.

1. **Bid Display** - Allows supporters to stay up to date on current bids as they come in. Bring attention to your most popular items as well as items with no bids.
2. **Revenue Displays** - Highlight donations as well as a progress bar to show revenue raised. Choose from the four layout options of **Left or Right Sidebar, 2 Column, or 1 Column**.
3. **Slideshow Display** - Share helpful tips, fundraising information, and sponsors. Multiple slides will rotate through approximately every 10 seconds.

AV requirements for displays

GiveSmart does not provide the AV equipment or point person needed to show the displays during the program. This must be set up prior to the presentation.

1. Laptop.
2. Internet connection.
3. AV projection equipment.

Tip: Copy and paste the "Share Link" in an email to share with your AV point person.
