

Create a Presentation Page

Last Modified on 04/29/2022 11:58 am EDT

Create a one-screen experience that includes a side-by-side streaming screen and campaign site. Encourage supporter engagement by adding a chat window, or prompt supporters to donate, bid, or purchase items by including a button to overlay.

Note: When viewers tune in to the presentation page, they will be prompted to enter how many people are watching the presentation. This modal will only appear the 1st time they enter the presentation page.

When you are ready to run your presentation, [Go Backstage](#) to manage your button overlays, live chat, and watch the fundraising from the activity feed.

The image shows a side-by-side view of the presentation page setup interface and the resulting presentation page. On the left is the 'Set up your presentation' configuration panel, and on the right is a preview of the presentation page.

Set up your presentation configuration:

- SHAREABLE LINK:** URL Slug: /presentation
- MAIN PRESENTATION:** Includes a 'Preview' button.
- Video Embed Code:** Provides iFrame code for YouTube or Facebook.
- Chat:** Includes a checkbox for 'Yes, include chat!' which is checked.
- Button Overlay:** Includes a 'Raffle' button with the text 'Raffle' and '11 - Free Tuition for a Year'.
- Help:** Includes a 'Night Date' button with the text 'Date Night'.

Presentation Page Preview:

- Header: Virtual Hope Gala 2020
- Background: Dark blue with glowing bokeh lights.
- Text: '17th Annual Hope Gala' in white script font.
- Logo: A white heart shape with hands inside.
- Button: A blue 'Raffle' button.
- Footer: 'Watch on YouTube'.

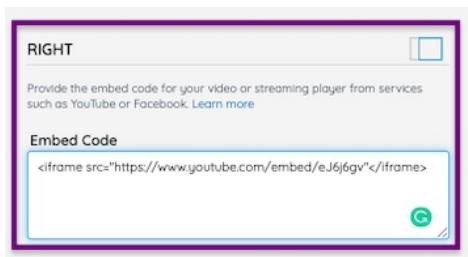

Set up your presentation page

Presentation pages don't automatically appear on the Home page. They must be [shared](#) through a [custom section](#). Embed a video or streaming player that provides an iFrame. Embed up to 2 iFrames, which stack horizontally at approximately a 65/35 split on the right side of the page.

Script tags can't be included. Visit [Video and Live Stream Embedding FAQs](#) for more information.

Tip: Confirm your third-party video or streaming service provides an iFrame and allows you to embed it on another website. Visit [Video and Live Stream Embedding FAQs](#) to learn more.

1. From the **Admin Navigation**, click **Pages > Add Presentation Page**.
2. Adjust the default URL slug. (optional)
3. Embed the code from the video or streaming player.

4. When you've finished, click **Save**.
5. Click **Preview** to see how your set-up Presentation page appears to supporters.

MAIN PRESENTATION

When you run a presentation, the left panel of the screen will display your campaign site to encourage viewer participation. The presentation itself will occupy the right section of the screen.

 [Preview](#)

Note: The presentation page is responsive, therefore the width and height are dependent on the width of your browser window. With the responsive layout, both sections go full width for devices with 800px or less screen size width. The ratio between the width of the left and right container on screen sizes larger than 800px varies from 1:4 to 1:3.

Include Chat

This feature integrates [CometChat](#) as the chat partner. Supporters must be registered on the campaign to see and participate in the chat. When shown, a chat stream overlays in the bottom right of the presentation page.

Chat messages are sent from the share presentation page view. CometChat lets you reply directly to single chats in a thread, add emojis, animated heart reactions, and delete your own messages.

Admins can monitor the full chat history and delete supporters' chats from [Messages > Chat](#).

Tip: CometChat provides a status page for its service ([CometChat Pro](#))

Chat

Encourage supporter engagement by adding a chat window to your presentation. (See how the chat will appear to your donors by clicking [Preview](#), above.) Chat can be monitored and messages deleted at [Messages > Chat](#)

Yes, include chat!

Create button overlays

Prompt supporters to donate, bid, or purchase items while watching the presentation by including buttons to overlay on your embedded video. When supporters click the button, it updates the campaign site view on the left to either the Click to Donate option or the selected item. Toggle the button between **Show** and **Hide** to control when they appear. When multiple buttons are created, a dropdown selector appears to choose which button to show.

MAIN PRESENTATION

When you run a presentation, the left panel of the screen will display your campaign site to encourage viewer participation. The presentation itself will occupy the right section of the screen.

Button Action required

Click to Donate ▼

[Cancel](#) [Add Overlay](#)

5. When you've finished, click **Save**.

Tip: Want to link to custom donate items to encourage supporters to give a specific amount or to a targeted need? Follow the steps below to create a button linking to an item.

When included, supporters click the button which updates the left panel view of the presentation page taking them to the item selected.

Note: The item option must be set to **Items Page Visibility: Live** to allow supporters to bid or buy the item from the overlay button on the presentation page. Visit [Edit Items](#) to learn more.

1. Repeat Steps 1 and 2 above.
2. Click the dropdown arrow to select **Item to link to** as the **Button Action**.

The screenshot shows a 'Button Action' dropdown menu. The selected option is 'Individual item'. Below it, the 'Item to link to' dropdown is open, showing a list of items: '# 1 - Free Tuition for a Year', '# 3 - Tervis Mug', '# 99 - Lights Camera Napkin!', '# 100 - 52 Card Draw', '# 102 - Date Night', and '# 103 - His and Hers Watches'.

3. Search by item number or short name and select the item.

The screenshot shows the 'New Button Overlay' form. The 'Button Text' field contains 'Bid on Date Night'. The 'Button Action' dropdown is set to 'Individual item', and the 'Item to link to' dropdown is set to '# 102 - Date Night'. At the bottom, there are 'Cancel' and 'Add Overlay' buttons.

4. Click **Add Overlay**.
5. When you've finished, click **Save**.

Edit a presentation page

To edit a presentation page.

1. From the **Admin Navigation**, click **Pages > All Pages**.
2. Locate the presentation page.
3. Click the **pencil**.

Delete a presentation page

To delete a presentation page.

1. From the **Admin Navigation**, click **Pages > All Pages**.
2. Locate the presentation page.
3. Click the **X**.
