This article details how to locate the information currently associated with your GiveSmart Events Merchant Account, and the steps to take to update key information such as the linked Bank Account for deposits, Legal Name/Tax ID, Financial Signer, and DBA name on file with the merchant services provider, Fiserv.

Note: Your Organization may have more than one merchant account, since all GiveSmart modules (Events, Fundraise, and Donor CRM) require their own unique merchant account ID (MID). Please reach out to your Customer Success Manager with additional questions.

How do I locate the information currently associated with my merchant account?

From your GiveSmart Event Org. Hub, navigate to the Account tab.

On the right-hand side, under Credit Card Processing, note your Merchant ID (MID), Status, as well as the current Legal Name, Commonly Known As (DBA Name), and Financial Contact (Account Owner/Signer) on file with Fiserv.
