

# Changing your Merchant Account Information

Last Modified on 11/07/2022 5:13 pm EST

Once the Merchant Account is established, new campaigns are automatically linked. If any changes are need on the account (legal name, DBA, account signer and banking information) then please complete the correct form and send it to Support. Reach out to your Customer Success Manager with additional questions or contact support to provide their information.

**Tip:** If the financial signer and legal name both change at the same time, a new Merchant Application is needed. Contact support to submit a new application.

**Note:** The forms are returned if illegible, so type or print neatly.
