

Add a YouTube Video

Last Modified on 05/20/2022 12:22 am EDT

Include one YouTube video to display under the 'Watch This Item' section on the Items Page.

The screenshot shows a GiveSmart item page for a "Kohler Spa Package". The item is currently bid at \$250. The page includes a description of the package, a list of included services (Balance Herbal Massage, Rescue Me Toning Wrap, and Summer Breeze Pedicure), and social media sharing options. The "Watch This Item" section is currently empty, showing 0 watchers. A "Show Video" button is visible at the bottom of the item details.

Note: YouTube videos can impact page load time. The best practice is to limit the number of videos added.

Add to an Item

Videos must be hosted on YouTube as a public video. Videos can be added at an item at any point.

New Item

1. From the Items Container within the Dashboard, click the More button ("...").
2. Select Create New Item.
3. Add all Item details.
4. From Images and Video, add a YouTube link
5. Click Save.

Edit Item

1. From the Items Management page, locate the item.
2. Click the Item to have the Item Details slide out.
3. Scroll down the item Details to add a YouTube link.
