Vote History

Track all votes placed, from the time available until closed, by the number of votes or generated revenue.

Watch a video

Locate

1. From the **Admin Navigation,** select **Reports** > **Overview.**
2. Select **Vote History.**

Summary report

Graph of the total number of votes or generate revenue per vote item. Vote items appear in ascending order.

Details report

Breakdown of each vote made. The item number, name, number of votes made, the price per vote, total raised, voter name, and contact information are shown. Search, sort, and export the content.
