Managing how User Names Appear in the Item History

Each item detail displays a history of bids or purchases. Choose how history appears to users.

Set item history

1. Go to the **Admin View** > **Dashboard**
2. From the **Users** container, click the **More** button ("⋯").
3. Choose **Settings.**

Set bidder names

Select how you would like the names of those bidding to appear. Applies to Silent and live items only.

1. Click the dropdown arrow below **Bids** to set how bidder names appear.
2. When you've finished, click **Save**.

Set purchasers names

Select how you would like the names of the winners to appear. Applies to vote, raffle, instant, and donate items, silent and live items that have been closed and reconciled.

1. Click the dropdown arrow below **Purchases** to set how purchaser names appear.
2. When you've finished, click **Save**.
